7 What Happens on the Event

The Event is organised as a “thank you” for your fund raising efforts during the year so please enjoy.

7.1 A standard day

- ✚ The 2018 event will start from Dawsville on Saturday 6th October 2018
- ✚ Start each day - look for the zero (000) kilometre sign.
- ✚ The AM & PM sections of the day are separated by a lunch break with other stops along the way.
- ✚ Both AM & PM routes will incorporate 'fun stops' which shouldn't be missed.
- ✚ A typical day’ s timing could be:
 - 7.30am – Breakfast
 - 8.30am – Start
 - Noon to 1.00pmish – Lunch
 - 4.00-4.30pm – Overnight stop
 - 7.00pm – Briefing & fines
 - 7.15pm – Dinner & entertainment

- ✚ Each Vehicle will be checked through at checkpoints:
 - Morning departure
 - Lunch arrival and departure
 - Evening arrival
 - You **MUST** report into these check points at each of these times unless otherwise instructed.
- ✚ When arriving at the evening destination:
 - Check in then fuel up your Vehicle.
 - Check in to your accommodation.
 - Attend daily Briefing.
 - Dinner, entertainment, dancing after the Briefing.

7.2 Accommodation and Meals

- ✚ All meals on the Event from Saturday Dinner on day 1 through to Saturday Awards Dinner are included.
- ✚ Extra costs to be met by the Participant include fuel, drinks and incidentals.

7.3 Route instructions and convoy procedures

Do not leave the prescribed route without the permission of the Event Coordinator.

If the Event Coordinator is not available, speak to a Volunteer Support Crew member. For safety reasons we must know where everyone is at all times.

- ✚ You will receive Route Notes for AM & PM stages of each day (occasionally the AM & PM stages are combined).
- ✚ Do not deliberately deviate from the route.
- ✚ Below are examples of the basic instructions from the Route Notes:
 - **TR**- Turn Right
 - **KL**- Keep Left
 - **SO**- Straight on
 - **CC**- CAUTION CAUTION
 - **CCC**- STOP AND LOOK BEFORE PROCEEDING

7.4 Route markers and Caution signs

The lead vehicle will lay out a number of Route Markers &/or coloured tape on sections of the route.

There are three markers in general use and you must be familiar with them. They are:

- A red arrow which will indicate the direction to follow
- 2 red 'C's' i.e. "**CC**" indicate double caution - slow 5-9km
- 3 red 'C's' i.e. "**CCC**" indicate extreme caution - STOP then proceed slowly

7.5 Firearms, fireworks and flares

All firearms, fireworks and flares are strictly prohibited.

Flares are for the emergency use only, unless special dispensation in writing has been obtained from the Event Coordinator

7.6 Volunteer Support Crew

The Volunteer Support Crew:

- ✚ are volunteers working on the Event to help you have fun and stay safe
- ✚ include 1st out to check the course, medical & mechanical support and a bag wagon plus others to entertain along the way
- ✚ are on the Event to ensure the safety of all participants. The basis of the 'Safety System' is the tracking of Participants from start to finish during each day and accounting for the whereabouts for all Participants
- ✚ will cheerfully put up with the ravings of the Event Coordinator while working long hours and missing much of the fun
- ✚ need to be treated with great respect and affection.

It would be appreciated if all Participants would help the Volunteer Support Crew to undertake their tasks by following their directions (which, from time to time, may include the "offering" of bribes).

7.7 Medical Personnel & Personal Medical details

- ✚ The OTRAT Committee will recruit qualified medical personnel to accompany the event. These people are there to assist on the event, carrying a limited range of equipment, drugs and resources, therefore neither the OTRAT Committee nor the medical personnel will be responsible for any problem that arises due to any treatment or lack of available treatment for any Participant.
- ✚ It is extremely important that the Medical Particulars form is completed prior to commencement of the event. You must include details of any condition that has the potential to affect you on the Event and any medications you are taking.
- ✚ The information is held in strictest confidence and only accessed in case of an emergency. The Originals are held by the medical personnel on the Event and a copy is held by the Tail Gunners (mechanics) in a sealed envelope. All medical documents are destroyed by the medical personnel after the Event.
- ✚ Access to a Participant's medical particulars by another appropriately experienced Event Participant may be approved if the medical personnel are not available and it is critical to that persons care.
- ✚ It is your responsibility to carry sufficient quantities of your own medications and any relevant equipment. There is the possibility that adverse conditions may result in not being able to stay with the planned itinerary and causing delays in remote locations.
- ✚ You must advise the medical personnel of any potential life threatening medical condition you may have that could potentially endanger your life or that of your team members and others. This will also assist people in being able to attend to you in some form in an emergency.

7.8 Mechanical Support

- ✚ The crew of the Tail-Gunner vehicle plays a vital part in the event. They are experienced "mechanics" who are there to assist you in the event of a breakdown. If necessary they can tow the vehicle (or organise a tow) to the nearest town or place of repair.

- ✚ The Tail-Gunner crew members are not slaves and they must be assisted, respected, refreshed and bribed appropriately at all times while carrying out any repairs to your Vehicle.
- ✚ Your vehicle is your responsibility at all times and you must make whatever arrangements are necessary for the repair or recovery of your Vehicle during the Event.

8 Important Fun Rules

The most important rule is to have fun on the Event while enjoying the drive and the entertainment along the way.

8.1 Safety

You must abide by all requests of the Event Coordinator and Officials for the interest and safety of all participants.

8.2 Cheating and Bribery of the Officials

- ✚ Cheating is good (very good actually) – it is most certainly allowed and actively encouraged.
- ✚ Getting caught is sometimes not such a good thing as it can be expensive.
- ✚ One should then expect to pay a “fine” (donation) to the RFDS.
- ✚ Bribing Officials and other forms of cheating is allowed and actively encouraged.
- ✚ All Volunteer Support Crews are trained and adept at accepting bribes, which may be overt, covert, underhand, overhand, in hand, cash or kind.
- ✚ Bribes can be in the form of brown paper bags or white envelopes containing cash or cheques. All cheques must be payable to the “OTRA Tours Inc.”
- ✚ An accepted bribe is not necessarily a guarantee of advantage as subsequent bribes by other participants, which are more substantial, may override the effect of your bribe.

8.3 Attitude

You may have one but Participants can be fined for taking the Event and themselves too seriously.

The amount a Participant is fined depends on the seriousness of taking it seriously or, more seriously, for not taking the fun side of the Event seriously enough.

Some people quite happily budget a substantially greater sum for fines and bribes and as such payments are tax deductible donations.

8.4 Protests

Anyone may lodge a protest against any matter on the event, however you first hand over a cheque payable to the “OTRA Tours Inc.” for the protest fee, the amount of which will be determined by the Event Coordinator. Protests will be heard in a manner decided by the Volunteer Support Crews at the time, whose decision will be final in all respects, and the chances of success will most likely be affected by the amount of any additional bribe offered.

ABOVE ALL, ENJOY THE EVENT
